Island's Women in Business Celebrated at Bank

The Bank of Alameda hosted its second annual Women in Business celebration last week at their Otis Drive location. As well as providing a venue for local businesswomen to

meet and network, the event raised awareness (and \$681 in donations) for Girls Inc. of the Island City. Girls Inc. is a non-profit organization that provides young women with innova-

tive programs, activities and advocacy in an effort to inspire them to be strong, smart and bold. Girls Inc. is one of many community programs supported by the Bank of Alameda.
