Who

At Girls Inc., our nonprofit elementary After School Girls Program helps girls and gender-expansive youth build confidence, discover their strengths, and become *Strong, Smart, & Bold* leaders.

How

Throughout Fall, Winter, and Spring, quarterly themes are led by staff who create a positive environment that supports hands-on learning which builds self-confidence and self-esteem.

Our Girls Inc. Families

"This is a great program. My daughter is building confidence in herself and developing positive relationships with the other girls."

~ Girls Inc. Parent

They feel safe, happy, and confident-like they have their own little world where they can be themselves. When I pick them up, they never want to leave.

~ Girls Program Parent

It's incredible to watch their confidence grow. At Girls Inc. they've seen what they're capable of, and they believe it.

Programs & Themes

Girls Inc. is proud of our unique curriculum which focuses on bolstering participants as they find and nurture their strengths and introduce them to a broad range of subjects like Media and Economic Literacy, STEM education, and promoting wellness and self-care, and so much more.

Transportation
