Location: 1724 Santa Clara Ave.

Program operates 180 Days in accordance to the AUSD schedule (with select Early Closure Days).

Registration

Girls Inc. Programming

Girls Inc offers dynamic, year-round programming designed to inspire and empower every girl who walks through our doors.

Our core focus areas—Literacy, Leadership & Advocacy, Health & Wellness, and STEM—give girls the skills and confidence to thrive academically, socially, and emotionally.

Beyond our signature programs, girls also get to explore their passions through cultural experiences, creative arts, and a variety of sports and recreational activities.

It's a vibrant, supportive environment where girls learn, lead, discover new interests, and build lifelong friendships.

Inspiring all girls to be Strong, Smart, & Bold.
